#### INDEPENDENT AUDITOR'S REPORT TO THE SHAREHOLDERS OF ROTORUA AREA PRIMARY HEALTH SERVICES

#### Opinion

We have audited the general purpose financial report of Rotorua Area Primary Health Services Limited ("the Company"), which comprise the financial statements on pages 9 to 26, and the service performance information on page 8. The complete set of financial statements comprise the statement of financial position as at 30 June 2023, the statement of comprehensive revenue and expense, statement of changes in net assets/equity, statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion the accompanying general purpose financial report presents fairly, in all material respects:

- the financial position of the Company as at 30 June 2023, and (of) its financial performance, and its cash flows for the year then ended; and
- the service performance for the year ended 30 June 2023, in accordance with the entity's service performance criteria,

in accordance with Public Benefit Entity Standards Reduced Disclosure Regime ("PBE Standards RDR") issued by the New Zealand Accounting Standards Board.

#### Basis for Opinion

We conducted our audit of the financial statements in accordance with International Standards on Auditing (New Zealand) (ISAs (NZ)) and the audit of the service performance information in accordance with the ISAs and New Zealand Auditing Standard (NZ AS) 1 *The Audit of Service Performance Information (NZ)*. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the General Purpose Financial Report section of our report. We are independent of the Company in accordance with Professional and Ethical Standard 1 *International Code of Ethics for Assurance Practitioners (including International Independence Standards) (New Zealand)* issued by the New Zealand Auditing and Assurance Standards Board, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other than in our capacity as auditor we have no relationship with, or interests in, the Company.

Directors' Responsibilities for the General Purpose Financial Report

Those charged with governance are responsible on behalf of the Company for:

(a) the preparation and fair presentation of the financial statements and service performance information in accordance with Public Benefit Entity Standards RDR issued by the New Zealand Accounting Standards Board;

(b) service performance criteria that are suitable in order to prepare service performance information in accordance with Public Benefit Entity Standards RDR; and

(c) such internal control as those charged with governance determine is necessary to enable the preparation of the financial statements and service performance information that are free from material misstatement, whether due to fraud or error.

In preparing the general purpose financial report those charged with governance are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless those charged with governance either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the General Purpose Financial Report

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole, and the service performance information are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (NZ) and NZ AS 1 will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate or collectively, they could reasonably be expected to influence the decisions of users taken on the basis of this general purpose financial report.

A further description of the auditor's responsibilities for the audit of the general purpose financial report is located at the XRB's website at https://www.xrb.govt.nz/standards/assurance-standards/auditors-responsibilities/audit-report-14/

This description forms part of our auditor's report.

Who we Report to

This report is made solely to the Company's Shareholders, as a body. Our audit work has been undertaken so that we might state those matters which we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's Shareholders, as a body, for our audit work, for this report or for the opinions we have formed.

# **Directors Report**

### Rotorua Area Primary Health Services Limited For the year ended 30 June 2023

The Board of Directors present their Annual Report including financial statements of the company for the year ended 30 June 2023.

The business of the Company is that of an Independent Practitioners Association contracting with members in various Primary Health Care funders for the provision of clinical services. The Company also holds the Primary Health Organisation (PHO) contract with Te Whatu Ora | Health NZ (formally Lakes District Health Board).

PHO's, as part of a government initiative to improve the Primary Health Care outcomes for patients were instructed to form alliances with local District Health Boards (DHB) and other key Primary Health Care Organisations. The Company has entered into such an alliance "Team Rotorua Alliance" and as part of the PHO agreement the Service to Improve Access (SIA) and Health Promotion (HP) funding, which is calculated by the Ministry of Health on a per Enrolled Service Users basis, is applied to providing Alliance Services in accordance with Schedule F2.1 of the PHO agreement.

#### As required by Section 211 of the Companies Act 1993, we disclose the following

#### information: Use of Company Information

The Board received no notices during the year from directors requesting to use company information received in their capacity as directors which would not have been otherwise available to them.

#### Share Dealing

No Director bought or sold any shares during the year.

#### **Directors Interests**

The Board received no notices during the year from directors that they had an interest in any transactions or proposed transactions by the company.

The following held office as directors during the year: G Matthews, O Meyer (appointed) K Penman, C Picken, E Turner and M Williams (resigned and appointed).

During the year ended 30 June 2023 a number of employees or former employees, not being Directors of the Company, received remuneration and other benefits that exceeded NZ\$100,000 in value as follows:

Remuneration	Number of Employees
\$100,000 - \$110,000	1
\$130,000 - \$140,000	L
\$150,000 - \$160,000	I
\$230,000 - \$240,000	I

# **Notes to the Financial Statements**

### Rotorua Area Primary Health Services Limited For the year ended 30 June 2023

#### 1. Reporting Entity

These financial statements comprise the financial statements of Rotorua Area Primary Health Services Limited for the year ended 30 June 2023.

Rotorua Area Primary Health Services Limited is a company incorporated under the Companies Act 1993 and is domiciled in New Zealand.

The primary activity of the Company is that of an Independent Practitioners Association contracting with members in various Primary Health Care funders for the provision of clinical services. The Company also holds the Primary Health Organisation (PHO) contract with Te Whatu Ora | Health NZ (formally Lakes District Health Board).

The financial statements were authorised for issue by the Board of Directors on 20th November 2024.

#### 2. Basis of Preparation

#### a) Statement of Compliance

The financial statements have been prepared in accordance with Tier 2 Public Benefit Entity (PBE) Financial Reporting Standards as issued by the New Zealand External Reporting Board (XRB). They comply with Public Benefit Entity Standards Reduced Disclosure Regime (PBE Standards RDR) for not for-profit entities. Rotorua Area Primary Health Services Limited qualifies as a Tier 2 reporting entity as for the two most recent reporting periods it is not publically accountable and not large (operating expenditure has been between \$2m and \$30m).

#### b) Basis of Measurement

The financial statements have been prepared on a historical costs' basis, except for assets and liabilities that have been measured at fair value.

The accrual basis of accounting has been used unless otherwise stated and the financial statements have been prepared on a going concern basis.

#### c)Presentation Currency

The financial statements are presented in New Zealand dollars. All numbers are rounded to the nearest dollar (\$0), except where otherwise stated.

#### d)Changes in Accounting Policies

The accounting policies have been applied consistently for the current and comparative periods except as listed below.

#### PBE IPSAS 41 - Financial Instruments.

This accounting policy is effective from 1 January 2022 and was adopted by the Company on 1 July 2022. There has been no significant change to the measurement, recognition or presentation of financial instruments as a result of the transition to PBE IPSAS 41.

#### PBE FRS 48 - Service Performance Reporting

PBE FRS 48 Service Performance Reporting is effective from 1 January 2022 and was adopted by the Company on 1 July 2022. PBE FRS 48 requires specific disclosures for the reporting of service performance information which have been provided in the statement of service performance.

#### e) Use of judgements and estimates

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from those estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

There are no significant estimates applied in the preparation of these financial statements.

Statement of Service Performance:

In compiling the Statement of Service Performance management has made judgements in relation to which outcomes and outputs best reflect the achievement of our vision.

#### Judgements

In preparing these financial statements Rotorua Area Primary Health Services Limited have treated the COVID-19 income and expenses generated from COVID-19 activities by RAPHS member practices separately as these services were a straight pass through. RAPHS managed the processing, audit checks and payments as part of the contract responsibility with Te Whatu Ora | Health NZ.

The Company's primary source of income is from contracts with Te Whatu Ora | Health NZ with the majority of these being renewed annually on the June 30 anniversary, but the Company does have some contracts with an anniversary date of 30 September 2023.

The Company has contracts with the Te Whatu Ora | Health NZ to provide COVID-19 assistance which have been extended to 31 December 2023 and will reassessed given the clinical case definition and requirements to test patients for COVID.

#### 3. Summary of Significant Accounting Policies

The accounting policies of the Company have been applied consistently to all years presented in these financial statements.

The significant accounting policies used in preparation of these financial statements are summarised below:

#### Financial Instruments

Recognition and initial measurement

#### a) Cash and Cash Equivalents

Cash and The Company's cash and cash equivalents, short-term investments and receivables are classified as financial assets at amortised cost.

#### b) Debtors and Other Receivables

Receivables are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

#### c)Creditors and Other Payables

All of the Companys financial liabilities meet the criteria to be classified as measured at amortised cost

#### Property, Plant and Equipment

Property, plant and equipment are measured at cost, less accumulated depreciation and any impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the asset.

#### Additions and Subsequent Costs

Subsequent costs and the cost of replacing part of an item of property, plant and equipment is recognised as an asset if, and only if, it is probable that future economic benefits or service potential will flow to the Company and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised.

In most instances, an item of property, plant and equipment is recognised at its cost. Where an asset is acquired at no cost, or for a nominal cost, it is recognised at fair value at the acquisition date.

All repairs and maintenance expenditure is charged to surplus or deficit in the year in which the expense is incurred.

#### Disposals

An item of property, plant and equipment is derecognised upon disposal or when no further future economic benefits or service potential are expected from its use or disposal.

When an item of property, plant or equipment is disposed of, the gain or loss recognised in the surplus or deficit is calculated as the difference between the net sale proceeds and the carrying amount of the asset

#### Depreciation

Depreciation is recognised as an expense in the reported surplus or deficit and measured on a diminishing value (DV) basis on all property, plant and equipment using economic rates. The following depreciation rates have been applied for both periods presented:

Computer Equipment	30-100%	DV
Furniture and Fittings	10-100%	DV
Leasehold Improvements	10%	DV
Motor Vehicles	30%	DV
Office Equipment	12-100%	DV
Plant and Equipment	8-100%	DV

The residual value, useful life, and depreciation method of property, plant and equipment is reassessed annually.

#### d)Intangible Assets

Intangible assets acquired separately are initially recognised at cost.

#### Intangible Assets with Finite Useful Lives

Intangible assets acquired which have finite useful lives, are measured at cost less accumulated amortisation and any impairment losses.

Amortisation is recognised on a diminishing value (DV) basis over the estimated useful life of the asset, from the day they are available for use and expensed in the reported surplus or deficit for the year.

The following amortisation rates have been applied to each class of intangible assets for both periods presented:

Computer Software	50%	DV
-------------------	-----	----

Residual values, amortisation methods and useful lives are assessed at each reporting date.

#### **Computer Software**

Purchased computer software licenses are capitalised on the basis of the costs incurred to acquire and install the specific software. Subsequent expenditure is expensed as incurred. Costs associated with maintaining computer software, i.e. expenditure relating to patches and other minor updates as well as tier installation, is expensed as incurred.

#### Disposals

Gains or losses on derecognition of intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and recognised in the surplus or deficit for the year.

#### e)Employee Entitlements

Employee benefits, previously earned from past services, that the Company expect to be settled within 12 months of reporting date are measured based on accrued entitlements at current rates of pay.

These include salaries and wages accrued up to the reporting date and annual leave earned, but not yet taken at the reporting date.

Notes to the Financial Statements

#### f) Employee Benefits

Defined contribution plans are post-employment benefit plans under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution pension plans are recognised as an employee benefit expense in surplus or deficit in the periods during which services are rendered by employees. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in future payments is available. Contributions to a defined contribution plan that are due more than 12 months after the end of the period in which the employees render the service are discounted to their present value.

#### g)Revenue

Revenue is recognised to the extent that it is probable that the economic benefit will flow to the Company and revenue can be reliably measured. Revenue is measured at the fair value of consideration received.

The following specific recognition criteria must be met before revenue is recognised:

#### **Revenue from Exchange Transactions**

#### h) PHO Contracts

Revenue from services rendered is recognised in the surplus or deficit in proportion to the stage of completion of the transaction at reporting date. The stage of completion is assessed by reference to surveys of work performed. Under this method, revenue is recognised in the accounting periods in which the services are provided.

#### **Revenue from Non Exchange Transactions**

#### i) PHO, Health Contracts & Other Contract Income

The recognition of non-exchange revenue from PHO, Health Contracts and Other Contract Income depends on the nature of any stipulations attached to the inflow of resources received, and whether this creates a liability (i.e. present obligation) rather than recognition of revenue.

Stipulations that are 'conditions' specifically require Rotorua Area Primary Health Services Limited to return the inflow of resources received if they are not utilised in the way stipulated, resulting in the recognition of a non-exchange liability that is subsequently recognised as non-exchange revenue as and when the 'conditions' are satisfied.

Stipulations that are 'restrictions' do not specifically require Rotorua Area Primary Health Services Limited to return the inflow of resources received if they are not utilised in the way stipulated, and therefore do not result in the recognition of a non-exchange liability, which results in the immediate recognition of non-exchange revenue.

#### ii) Interest Income

Interest income is recognised as it accrues, using the effective interest method.

#### i) Income Tax

Current Income Tax expense charged against the surplus for the year is the estimated total tax for the year, in accordance with the tax return to the Inland Revenue Department, adjusted for any differences between the estimated and actual tax payable in prior years.

#### j) Goods and Services Tax (GST)

All amounts in these financial statements are shown exclusive of GST, except for receivables and payables which are stated inclusive of GST.

The net amount of GST recoverable from, or payable to, the Inland Revenue Department (IRD).

#### Notes to the Financial Statements

#### k) Leased Assets

Payments made under operating leases are recognised in the surplus or deficit on a straight-line basis over the term of the lease. Associated costs such as maintenance are expensed as incurred.

#### I) Financial Instruments

There has been no significant change to the measurement, recognition or presentation of financial instruments as a result of the transition to PBE IPSAS 41.

#### **Initial Recognition and Measurement**

Financial assets and financial liabilities are recognised initially at fair value plus transaction costs attributable to the acquisition, except for those carried at fair value through surplus or deficit, which are measured at fair value.

Financial assets and financial liabilities are recognised when the reporting entity becomes a party to the contractual provisions of the financial instrument.

#### **Derecognition of Financial Instruments**

Financial assets are derecognised when the contractual rights to the cash flows from the financial asset expire, or if the financial asset is transferred to another party without retaining control or substantial all risks and rewards of the asset.

A financial liability is derecognised when it is extinguished, discharged, cancelled or expires.

#### **Classification and Subsequent Measurement**

#### Financial assets

On initial recognition a financial asset is classified as measured at amortised cost.

A financial asset is measured at amortised cost if it meets both of the following conditions as is not designated at Fair Value Through Surplus or Deficit:

- It is held within a management model whose objective is to hold assets to collect contractual cash flows; and
- Its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

#### Financial assets - subsequent measurement and gains and losses

Financial assets at amortised cost – These assets are subsequent measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in surplus or deficit. Any gain or loss on derecognition is recognised in surplus or deficit.

#### Financial liabilities – classification, subsequent measurement and gains and losses

All of the Companys financial liabilities meet the criteria to be classified as measured at amortised cost. These financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in surplus or deficit. Any gain or loss on derecognition is also recognised in surplus or deficit.

#### 17. Operating Leases

Operating Leases are held for premises used as office space and health hub.

Non-Cancellable operating leases are payable as follows:

	NOTES	2023	2022
Non-Cancellable Operating Leases			
Not Later than one year		237,000	237,000
Later than one year and not later than five years		900,500	948,000
Later than five years		142,000	331,500
Total Non-Cancellable Operating Leases		1,279,500	1,516,500

Commenced sublease with RGPG Limited 1 July 2016 with an annual rent of \$135,405. This was increased to \$142,000 pa from 1 January 2021.

Rights of renewal: Were three periods of five years being 1 January 2021, 1 January 2026 and 1 January 2031. The rights of renewal were updated to being two periods of three years on the 1 January 2024 and 1 January 2027.

Commenced sublease with Health Rotorua Limited 15 February 2021 with an annual rental of \$95,000. Rights of renewal: Two periods of two years 1 July 2024 and 1 July 2026.

#### 18. Related Party Transactions

Related party transactions arise when an entity has the ability to significantly influence the financial and operating policies of the Company.

Shareholders of the Company are engaged in the provision of health delivery services through Primary Health Care entities and practices that they are also associated with (be it, as shareholder or employee) The provision of these services and associated payments made are the basis of the Primary Health Organisation and other government initiatives. At reporting date \$516,068. (2022 \$799,723) plus GST was owing.

Rotorua Area Primary Health Services Limited have an agreement to sublease their premises from 1st July 2016 from RGPG Limited. The directors of both companies are the same. Annual lease \$142,000 (2022 \$142,000).

Rotorua Area Primary Health Services Limited have an agreement to sublease their premises from 15th February 2021 from Health Rotorua Limited. Two of the directors of both companies are the same. Annual lease \$95,000.

In 2022 Rotorua Area Primary Health Services Limited made a donation of \$250,000 to Health Rotorua Charitable Trust. The directors of company are also the trustees of Health Rotorua Charitable Trust.

Company Directors and Senior Management are key management personnel.

No related party debts have been written off or forgiven during the year.

The following transactions were carried out with related parties:

	NOTES	2023	2022
Purchase of Goods and Services From Related Parties			
Health Rotorua Limited		128,829	128,533
RGPG Limited		253,965	311,814
Total Purchase of Goods and Services From Related Parties		382,794	440,347
	NOTES	2023	2022
Key Management Personnel			
Number of Persons Recognised as Key Personnel		7	7
Remuneration		291,351	326,674
	NOTES	2023	2022
Payable to Related Parties			
Health Rotorua Limited	13	5,753	
RGPG Limited	13		12,132
Total Payable to Related Parties		5,753	12,132

The payables of related parties to Health Rotorua Limited arise from the lease of the health hub premises. Two directors are directors of both companies.

The payables of related parties arise from the lease of the premises with associated outgoings, including computer equipment from Rotorua General Practice Group Trust (RGPG), whose trustees are also directors of the Company.

	NOTES	2023	2022
19. Deferred Revenue			
Contracts in Advance		1,067,580	923,254
Team Rotorua Alliance		1,095,785	1,236,877
Total Deferred Revenue		2,163,365	2,160,131

The deferred revenue relates to the funds held for use for Services to Improve Access (SIA) and Health Promotion (HP). Although these funds are managed and held by the company they are managed by the Team Rotorua Alliance Group. These funds are allocated to various health projects. The other income in advance relates to funds received from the Ministry of Health for contracted initiatives not completed at the end of the financial year and carried forward until all Primary Health care service goals are achieved.

#### 20. Financial Instruments

#### a) Carrying Value of Financial Instruments

The carrying amount of all material financial position assets and liabilities are considered to be equivalent to fair value.

Fair value is the amount for which an item could be exchanged, or a liability settled, between knowledgeable and willing parties in an arm's length transaction.

#### b) Classification of Financial Instruments

All financial assets held by the Company are classified as 'loans and receivables' are carried at amortised cost less accumulated impairment losses.

All financial liabilities held by the Company are carried at amortised cost using the effective interest rate method.

#### 21. Share Capital

Share capital is comprised of 94 ordinary shares. Shares are all unpaid. All shares have the same rights and privileges and are subject to the same restrictions.

#### 22. Contingent Asset and Contingent Liabilities

The Company had no capital commitments at reporting date (2023Nil). There are no known material contingent liabilities (2022 Nil).

#### 23. Events After the Reporting Period

There were no events that have occurred after balance date that would have a material impact on the Financial Statements. (2022: Nil).

#### 24. Health and Disability System Review

Effective 1 July 2022 two new crown entities called Te Whatu Ora | Health NZ and Te Aka Whai Ora | Māori Health Authority were established and District Heath Boards were disestablished. Rotorua Area Primary Health Services Limited's contracts have transferred from LDHB to Te Whatu Ora | Health NZ. The Ministry's instruction is that services will continue with little disruption.
